# Greetings from the President

The world we inhabit has become increasingly complex, fluid and uncertain, and failure to adapt to changing economic and social conditions invariably results in decline. In this environment, Nagoya University, as a centre of science and knowledge, regards it a fundamental mission to educate its students to be rational and creative global human resources, individuals who are able to meet the needs of society's constantly shifting demands.

Naturally, the University considers the internationalisation of education to be indispensable to the nurturing of globally-minded citizens. In line with Government policy, Nagoya University has set the ambitious target of increasing its intake of international students to 3,200, that is twenty percent of the total student population. Furthermore, as a Ministry of Education-designated "Top Global University", we have taken a national lead in implementing a range of internationalisation projects that will fundamentally alter traditional practices in Japanese higher education.

Nagoya University has long been an undisputed leader in Japan's higher education sector, a fact confirmed by its appointment in 2018 as a "Designated National University", one of only six such institutions in the country. Indeed, six Nobel Prizes serve to demonstrate Nagoya University's unrivalled expertise in cultivating world-class researchers; this and other achievements may be attributed to the free and vibrant academic culture that has come to define this University, and one that we wish to share with you.

Established in 1996, NUPACE, the Nagoya University Program for Academic Exchange, constitutes both a frontrunner and intrinsic element of our continued endeavour to internationalise. As is evident in this brochure, the programme has accrued a wealth of experience in its twenty-three years of operation, and evolved into a highly reputable student exchange undertaking, both domestically and internationally. NUPACE will afford you the opportunity to simultaneously enjoy a quality academic curriculum, discover Japan and, most importantly, to nurture a fundamentally international approach to life.

**Seiichi Matsuo, D. Med.,  
President of Nagoya University**

# Nagoya – the City and the University

The Chubu region, located in the heart of Japan, has played a central role in this nation's history and has for long prospered under a flourishing culture and economy. The area is particularly renowned as the home of Oda Nobunaga, Toyotomi Hideyoshi and Tokugawa Ieyasu, the three military leaders who unified Japan over 400 years ago, thus bringing an end to the 'Period of Warring States'. Nagoya Castle, originally built by Tokugawa Ieyasu and famous for the mythological golden dolphins found on its donjon, serves as the landmark of the region. Its castle town, Nagoya, has thrived.

In contemporary Japan, this vibrant metropolis occupies an important political and economical position. Nagoya constitutes the nerve centre of the Chubu Industrial Zone, an amalgamation of both traditional and modern enterprises, notable amongst which is the automobile industry. Nagoya offers the conveniences of any large urban centre, with shops, restaurants and leisure activities to cater to any taste, and with a population of over 2.3 million, is an exciting place to live, work and study.

Although Nagoya University's history can be dated back to 1871, when a medical school and hospital were founded on the site of a local feudal government house, it was in 1939 that the university was formally established as Japan's seventh imperial university. Since 1949, after its re-emergence in the reformed post-war education system, Nagoya University has not only developed as the pre-eminent educational establishment in the Chubu region, it has also flourished as one of the foremost national universities in Japan. The *2019 Academic Ranking of World Universities (ARWU)*, released by Shanghai Jiao Tong University, placed Nagoya University ninetyeth in the world. And, in its *Japan University Rankings 2019*, THE World University Rankings ranked Nagoya University as the fifth strongest university nation-wide.

Currently, Nagoya University consists of nine undergraduate schools and thirteen graduate schools, three research institutes and eighteen interdepartmental research and education centres. Approximately 16,500 students are enrolled at the university, 2,600 of whom form a lively international community. The teaching, research and administrative staff numbers about 4,000.

In recent years, Nagoya University has become conspicuous amongst national universities through its enhanced level of international competitiveness. This University was selected by the Ministry of Education to be a "Global 30" hub, one of only thirteen institutions nationwide, which, in the period FY 2009-2014, were granted a substantial budget to implement broad-ranging internationalisation initiatives. Furthermore, as a consistent recipient of JSPS Global Center of Excellence awards, as well as prominent contributor to Japan's cultivation of Nobel Laureates, Nagoya University has a proven track record of research that performs at the apex of global excellence. As of FY 2014, Japan's Government has designated the University as a Rank A "Top Global University", giving testimony to its calibre as a first-class institution of higher education. And, in 2018, it was appointed a "Designated National University" by the Ministry of Education (MEXT), one of only six such institutions in Japan, the other five comprising The University of Tokyo, Kyoto University, Tohoku University, Tokyo Institute of Technology, and Osaka University.

Whilst fostering an academic tradition of freedom and tolerance, today's Nagoya University is a national leader in the quest to meet the challenges of the 21<sup>st</sup> century.

Nagoya Castle

# Nagoya University Program for Academic Exchange (NUPACE)

The Nagoya University Program for Academic Exchange (NUPACE) offers a unique curriculum consisting of Japanese language instruction, Japan area/intercultural studies, and a number of English-taught courses in students' majors that is unrivalled in Japan. The programme endeavours to internationalise through education, forge friendships that extend beyond borders, and foster talented individuals capable of contributing positively to the international society of tomorrow.

## Eligibility

Overseas students who meet the following conditions are eligible to apply for NUPACE:

1. Students MUST be enrolled in undergraduate or graduate degree programmes at overseas universities that have concluded an academic exchange agreement with Nagoya University. Refer to pp. 28-35.
2. Students MUST have a cumulative grade point average (GPA) of 3.0 (B) or better on a 4.0 scale, or the equivalent.
3. NUPACE requires exchange students to be proficient in either English OR Japanese.

Unless they attend/have attended universities where English is the language of instruction, non-native English speakers who wish to participate in the NUPACE English-language curriculum should possess a minimum TOEFL (iBT) score of 79, an IELTS overall band score of 6.0, a TOEIC score of 780, CEFR band B2, CET-6 score of 485, or the equivalent.\*

\*Students studying at universities in Scandinavia, The Netherlands, Germany, Austria, Hong Kong, Singapore, or at Bilkent University in Turkey are exempt from providing proof of their English language ability. The same applies to those students who have undertaken part of their formal education in English, and those whose major discipline at university is English.

Students intending to take regular university courses instructed in Japanese must possess level N1 or 1 of the Japanese Language Proficiency Test (JLPT), or the equivalent. Students intending to enrol in the Intensive Programme in Advanced Japanese are required to possess at least level N2 of the JLPT.

## Student Status

### 1. Undergraduate Students:

Undergraduate students, who are admitted to the NUPACE programme to complete taught courses with the aim of earning credits, shall hold *Special Undergraduate Student* status.

### 2. Graduate Students:

(1) Graduate students, who are admitted to the programme to complete taught courses with the aim of earning credits, shall hold *Special Graduate Student* status.

(2) Graduate students who do not require credits, and who wish to be admitted to the programme to engage primarily in guided research, shall hold *Special Research Student* status. This status is applicable to students registered for both master's programmes and doctorates at their home universities. In principle, students enrolled in doctorates at the time of application will automatically be given "special research student" status.

## Academic Programme

The NUPACE programme, in offering regular 'major' courses taught both in English and Japanese, is equally suited to the needs of those students with no previous Japanese language instruction, and those who have attained level N1 of the Japanese Language Proficiency Test (JLPT).

### 1. Courses in the Student's 'Major'

Students are able to pursue their major field of study through established courses, courses designed especially for NUPACE students, or courses comprising the "Nagoya University Global 30 International Programmes" (see pp. 5-6).\* The core NUPACE G30 curriculum is taught primarily in English, although students who demonstrate sufficient Japanese language ability (level N1 of the JLPT) may register for regular courses taught in Japanese.

\* Due to the limited duration of their exchange and subsequent concerns over safety, NUPACE Special Undergraduate Students and Special Graduate Students are generally not permitted to enrol in G30 courses with laboratory content. This applies, in particular, to the disciplines of Chemistry and Physics, as taught both by the School of Science and School of Engineering.

## 2. Guided Independent Study (GIS)

Contingent upon the permission and co-operation of their academic advisors, NUPACE *Special Undergraduate Students* and *Special Graduate Students* may pursue independent research in their major field of study for a limited number of credits. Unless recommended by the student's academic advisor, this option is usually only available from the student's second semester of study.

## 3. Japanese Language Programme

Nagoya University offers a Japanese language programme rich in content and variety, including comprehensive courses tailored to the needs of exchange students (NUPACE Japanese language courses <8 levels>), integrated Japanese courses for advanced Japanese language learners, as well as more specialised courses, including business Japanese, academic Japanese, and *kanji* classes.

In addition, a limited number of courses taught in Japanese, and aimed at upper-intermediate and pre-advanced learners of Japanese, have been made available to those NUPACE students who have attained at least level N2 of the JLPT, or the equivalent.

## 4. Intensive Programme in Advanced Japanese

Nagoya University's International Language Centre has opened its Intensive Programme in Advanced Japanese (AJ) to a maximum of ten undergraduate NUPACE applicants majoring in Japanese or Japan Area Studies. This one-year programme is designed for students possessing at least level N2 of the JLPT, who wish to pursue an academic or professional career using the language. See p. 7 for further details.

## Credits

The minimum coursework requirement for *Special Undergraduate Students* and *Special Graduate Students* is fifteen credits (equivalent to thirty ECTS) per semester or thirty credits (sixty ECTS) per year. *Special Research Students* are required to pursue research for a minimum of fifteen hours per week. At the end of their period of exchange, all NUPACE students having earned credits are presented with an official transcript of academic records specifying courses studied, evaluation of performance and credits awarded. The number of credits granted is determined by the academic regulations of

Nagoya University and is based on the number of hours studied. Upon examining the academic transcript, the student's home institution may determine the appropriate number of credits to be granted at that institution. Prospective students are asked to note that the granting of credits for the purpose of earning a degree falls under the jurisdiction of the student's home institution.

Nagoya University has revised its grading system and students admitted to the NUPACE programme from April 2020 will earn grades according to the following scale.

Nagoya University Grading System			
Grade	Grade Point Value	Score/100 (For reference only)	Definition (For reference only)
A+	4.3	95-100	Excellent
A	4.0	80-94	Very Good
B	3.0	70-79	Good
C	2.0	65-69	Satisfactory
C-	1.0	60-64	Sufficient
F	0.0	0-59	Fail
W	-	-	Withdrawal

## Schools of Affiliation and Academic Advisor

All NUPACE students are affiliated to a School corresponding to their major area of study. In principle, a full-time faculty member whose field of specialisation is close to that of the student's 'major' will be assigned to each student as his/her academic advisor.

## Academic Calendar

The academic year at Nagoya University is divided into spring and autumn semesters:

### Schools at Nagoya University:

Undergraduate	Graduate
Agricultural Sciences	Bioagricultural Sciences
Economics	Economics
Education	Education and Human Development
Engineering	Engineering
-	Environmental Studies
Humanities	Humanities
Informatics	Informatics
-	International Development
Law	Law
-	Mathematics
Medicine	Medicine
-	Pharmaceutical Sciences
Science (including Mathematics)	Science

## 1. Autumn Semester 2020

Class Schedule

2 October 2020 - 9 February 2021

Winter Vacation

27 December 2020 - 7 January 2021

Spring Vacation

10 February 2021 - 31 March 2021

Students joining the NUPACE programme in autumn 2020 are required to arrive in Japan from September 16 for a pre-class orientation.

## 2. Spring Semester 2021

Class Schedule (tentative)

9 April 2021 - 6 August 2021

Summer Vacation

7 August 2021 - 30 September 2021

Students joining the NUPACE programme in spring 2021 are required to arrive in Japan from April 1 for a pre-class orientation.

**NB.** The above dates may be subject to minor changes.

# Overview of Academic Programmes

## OVERVIEW OF ACADEMIC PROGRAMMES 2020-2021

With over 1,000 courses taught in English, (and many more in Japanese), students participating in NUPACE have a variety of study options open to them. Provided that they meet the academic and linguistic requirements of the classes in question, they may devise individual semester/year-based course loads, choosing units from 1) the Global 30 international programmes, 2) NUPACE academic programme, and 3) regular courses taught in Japanese.

### 1. GLOBAL 30 INTERNATIONAL PROGRAMMES

Nagoya University has opened seven undergraduate and nine graduate degree programmes taught entirely in English, known as the “Nagoya University Global 30 International Programmes”, or simply “G30 Programmes”. Courses comprising the G30 programmes are, in principle, open to exchange students, and a large number of NUPACE students are taking advantage of the opportunity to register for them.

**NB.** Irrespective of whether they wish to register for G30 courses, applicants to NUPACE should apply directly to the NUPACE Office, following procedures laid down in this prospectus and on the programme website, viewable at <http://nupace.iee.nagoya-u.ac.jp/en/>. G30 programme admission requirements and procedures do NOT apply to exchange students.

#### Undergraduate Programmes

\* Due to the limited duration of their exchange and subsequent safety concerns, NUPACE *Special Undergraduate Students* and *Special Graduate Students* are generally not permitted to enrol in G30 courses with laboratory content. This applies, in particular, to the disciplines of Chemistry and Physics, as taught both by the School of Science and School of Engineering.

## 2. NUPACE ACADEMIC PROGRAMME

Refer to the NUPACE website for syllabi of all the courses listed below:

➡ <http://nupace.iee.nagoya-u.ac.jp/en/academic/syllabus.html>

### Japanese Language Programmes

*NUPACE Japanese (1-5 credits)* Elementary-Advanced Japanese (8 levels) (A/S)

*À La Carte Courses (1-2 credits)* Kanji I-IV (A/S)  
Integrated Advanced Japanese I, III, II, IV (A/S)  
Academic Japanese I, III, V (A), II, IV, V (S)  
Business Japanese I, III (A), II, IV (S)

*Special Programme* Intensive Programme in Advanced Japanese (A-S)  
*(Total 36 credits over one year)*

### Intensive Programme in Advanced Japanese

This one-year course, offered by Nagoya University's International Language Centre, enables participants to attain an advanced level of Japanese, gain an accurate understanding of Japan and its culture, as well as acquire the basic skills to conduct research.

Students spend 430 hours over the year engaged in intermediate to advanced Japanese language courses, and conduct in-depth project work, culminating in the writing of a thesis. In addition to language work, students are required to enrol in introductory courses taught in Japanese that cover linguistics, Japanese society and culture, as well as Japanese literature.

#### *Pre-requisites:*

1. At the time of admission applicants are required to have completed at least two years of Japanese language instruction at their home university, and to have attained at least JLPT N2
2. Applicants must be majoring in Japanese language, Japanese linguistics, Japanese literature, or Japanology (Japanese Studies).
3. This programme commences on October 2 and runs until August 31 of the following year. April entry/one-semester study is not possible.

### Introductory Courses Taught in Japanese

*2 credits each* Introduction to Japanese Linguistics I, II <J> (A/S)  
Introduction to Japanese Society and Culture I, II <J> (A/S)  
Japanese Literature I, II <J> (A/S)

## Courses in the Student's Major (English Language Programme)

*Generally 2 credits each*

<b>Int'l Education &amp; Exchange Centre</b>	Immigration in Japan: Law, policy, and society (A) Introduction to Intercultural Competence (A) Multicultural Approach to Contemporary Issues (A) Teaching Practice in the Japanese Community (A/S)
<b>Agricultural Sciences</b>	Refer to <i>G30 International Programme in Applied Biosciences (A/S)</i> (see pp. 5-6)
<b>Economics</b>	Low Carbon Economics (S) Also refer to <i>G30 International Programme in Economics &amp; Business Administration (A/S)</i> (see pp. 5-6)
<b>Education</b>	Comparative and International Education: Principles and strategies (A) Culture and Identity (S/Intensive) Cyber-bullying (S/Intensive) Intercultural Education: Theory and practice (A) Intercultural Training Methods (S) Work and Careers (S/Intensive)
<b>Engineering</b>	Refer to <i>G30 International Programme in</i> 1) <i>Automotive Engineering (A/S)</i> ; 2) <i>Chemical &amp; Biological Engineering (A/S)</i> (see pp. 5-6)
<b>Environmental Studies</b>	Advanced Architectural and Urban Planning Workshop 1, 2 (S) Conservation Ecology (A) Field Seminar on Environmental Studies (S) Planning and Design Studio for Historical Environment <G> (A) Studio Workshop of Architecture Design <G> (A) Also refer to <i>G30 International Programme in:</i> 1) <i>Earth and Environmental Sciences</i> ; 2) <i>Civil and Environmental Engineering (A/S)</i> (see p. 6)
<b>Humanities</b>	Refer to <i>G30 International Programmes in:</i> 1) <i>Japan-in-Asia Cultural Studies</i> ; 2) <i>Linguistics and Cultural Studies (A/S)</i> (see pp. 6-7)
<b>Informatics</b>	Formal Languages and Automata Theory (A) Information Physics (A)
<b>International Development</b>	Comparative and International Education (S) Immigration and Refugee Law (A) International Co-operation Law (S) International Migration (S) Introduction to International Development (S) Japan's Development Experience (A) Law of the United Nations (A)
<b>Law</b>	Comparative Studies in Constitutional Law: Outline of the modern constitution (S) Comparative Studies in Criminal Law: Development of national criminal law (S/Intensive) Comparative Studies in Jurisprudence II: Uses of the public sphere – good practice versus corruption (A) Professional Studies in International Economic Law II: Problems of int'l economic law (A) Professional Studies in International Human Rights Law: Human rights and refugee law (A)

Professional Studies in International Law: Introduction to international law (S)  
Seminar on Private International Law: Introduction to int'l commercial arbitration (S)  
Special Lecture and Seminar: Workshop on international negotiation (A)  
Also refer to *G30 International Programme in Law & Political Science (A/S)* (see pp. 6~7)

## Application Procedures

Students intending to participate in an exchange at Nagoya University are requested to apply to NUPACE online at <https://nupace.iee.nagoya-u.ac.jp/apply/>. All applicants are asked to note that, in order to be qualified for admission to NUPACE, they must, in advance, secure a nomination from the International Office of their home institution.

When applying students will be asked to upload some documentation in a PDF format; hence, preparation of the relevant materials in advance of the closing dates stipulated below is important.

1. Study plan:

- (1) Undergraduate <U> and Graduate <G> credit-seeking students: Approximately 400 words (English) or 800 characters (Japanese), typed, describing the student's academic interests as they relate to his/her major field of study. Students should also include the names of courses that they are interested in registering for at Nagoya University. (Refer to the NUPACE prospectus 2020-2021 available at <http://nupace.iee.nagoya-u.ac.jp> for links to syllabi.)
- (2) Research students <R>: Detailed research plan of approximately 800 words (English) or 1,600 characters (Japanese).

2. Official transcript of academic records to be issued in English by the institution presently being attended and, for transfer students, institutions of higher education previously attended. Graduate students should submit academic records for both undergraduate and graduate studies. If possible students should include an explanation of the grading policy and/or grading scale of their home institutions, or provide the NUPACE Office with a link to the relevant website.

3. Official certificate of enrolment as a student to be issued in English by the institution presently being attended.

4. Score sheet of internationally-recognised language proficiency test. NUPACE requires exchange students to be proficient in either English OR Japanese. Unless they attend universities where English is the language of instruction, non-native English speakers must possess a TOEFL iBT score of 79, an IELTS overall band score of 6.0, a TOEIC score of 780, a CEFR average grade of B2, a CET-6 score of 485, or the equivalent. (*Students enrolled in universities in Scandinavia, The Netherlands, Germany, Austria, Singapore, and Hong Kong, as well as students majoring in English are exempt from this requirement.*) Students intending to take regular university courses instructed in Japanese must possess N1/ Level 1 of the Japanese Language Proficiency Test (JLPT). Students intending to enrol in the Intensive Programme in Advanced Japanese are required to possess at least JLPT N2.

5. Health certificate: Students are requested to use the designated NUPACE *Health Certificate* form available on the application site.

6. Copy of the information page of the applicant's passport, where available.

7. Identical photograph: Solid-colour background, showing a close-up of the applicant's full head and upper shoulders. The digital data should be uploaded onto the NUPACE online application site. Sunglasses/tinted glasses, or headwear should not be worn, unless this is for religious or medical reasons.

8. Statement of bank account balance or scholarship. (*This requirement applies to those students who intend to participate in NUPACE even if they are not nominated by Nagoya University for a Student Exchange Support Program <JASSO> scholarship. Students applying for a one-semester exchange should attach a bank balance or scholarship certificate verifying that they have funds equivalent to JPY 500,000; students applying for a one-year exchange need to verify that they have JPY 1,000,000. The bank account may be held in the name of the applicant, or a close family member.*)

**NB.** When entering information on the NUPACE online application system, applicants are required provide NUPACE with the contact details of one faculty member who can provide this Office with a letter of recommendation. This faculty member's specialisation should be related to the applicant's major field of study.

## Nomination Deadlines

International Offices of Nagoya University's partner institutions are requested to upload a list of their nominees for an exchange at Nagoya University onto the NUPACE website by the following dates. NB. Partner institutions will be provided with a link and access code one month prior to the nomination deadline.

Mid-September Admission 2020:	Sunday, 1 March 2020
Early April Admission 2021:	Thursday, 1 October 2020

## Application Deadlines

The online application process must be completed, with all required documents uploaded, by the following dates.

Mid-September Admission 2020:	Sunday, 15 March 2020
Early April Admission 2021:	Thursday, 15 October 2020

## Important Notes

1. As many partner institutions conduct a preliminary screening process for the purpose of selecting exchange students, it is strongly recommended that you consult with the International Office of your home university well in advance of the NUPACE application deadlines.
2. If you encounter any problems with the NUPACE online application system, please contact the NUPACE Office at [nupace@iee.nagoya-u.ac.jp](mailto:nupace@iee.nagoya-u.ac.jp) or +81-52-788-6119.

## Notification of Results

The results of the preliminary document screening examination, as conducted by Nagoya University (and separate from the scholarship screening), will be made available to students as follows.

Mid-September Admission 2020:	Early June 2020
Early April Admission 2021:	Mid-January 2021

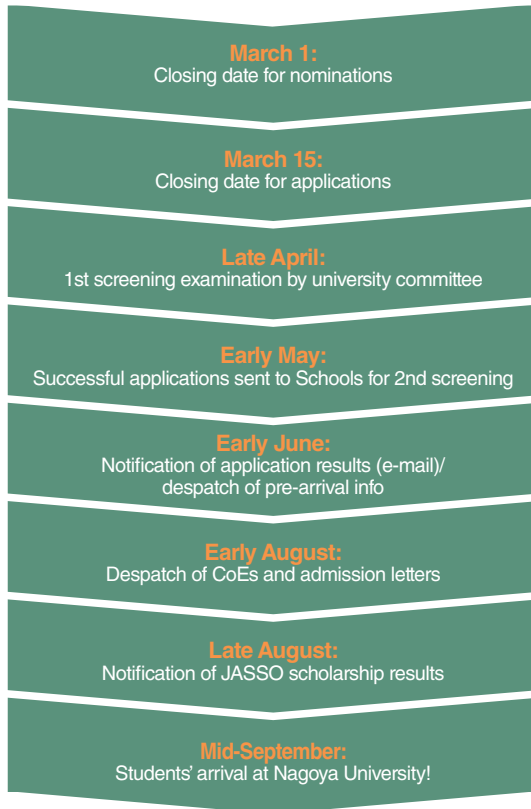

Students shall be officially notified of the results of their nomination for a JASSO "Student Exchange Support Program (Scholarship for Short-term Study in Japan)" by Nagoya University as follows.

Late September Admission 2020:	Late August 2020
Early April Admission 2021:	Late April 2021

## Admission Flowchart

Intended Period of Admission: September 2020

Intended Period of Admission: April 2021

Orientation Session

## Student Visas and Entry to Japan

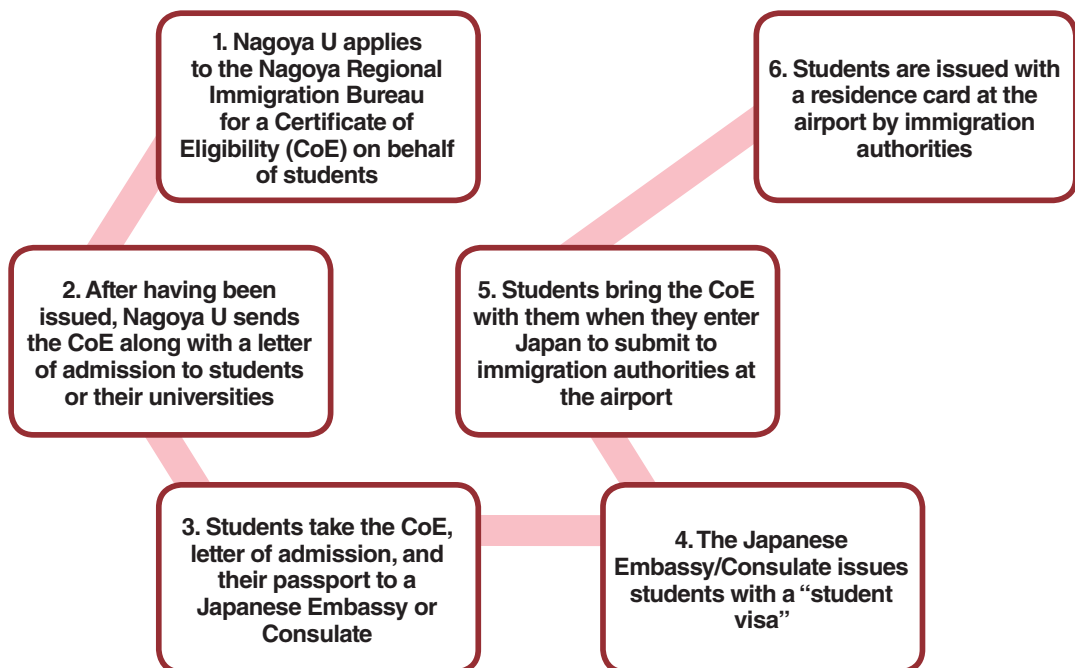

International students intending to pursue studies in Japan must be in possession of a valid passport issued by their country of citizenship. Prior to embarking for Japan, they are also required to apply to the nearest Japanese diplomatic mission (embassy or consulate) for a “student” visa. In the case of NUPACE students, a “student” visa is usually issued after the embassy/consulate obtains the applicant’s “Certificate of Eligibility for Status and Residence”.

Nagoya University applies for “Certificates of Eligibility” on behalf of prospective NUPACE students and, once applications have been processed, sends the “Certificates” directly to the students or their home institutions. It is imperative that when applying for a “student visa”, students take their “Certificate of Eligibility”, passport, and letter of admission to the Japanese Embassy or Consulate. Students are also required to bring the “Certificate” with them when they enter Japan to submit to the immigration authorities at the airport.

### **NB.**

1. Each country has different stipulations and procedures for the purpose of issuing passports and visas. It is the responsibility of the student to enquire at his or her local Japanese diplomatic mission which documents are required, and if necessary, to request them from Nagoya University.
2. Dual/multi-nationals in possession of Japanese nationality are not required to apply for a “student” visa. Students possessing Japanese nationality will be expected to enter Japan on their Japanese passports.

### **Certificate of Eligibility/Student Visa Flowchart:**

Field-trip to Meiji-mura

## Student Column 1

**Yib Sotheary,**

**majoring in Economics and Management at the Royal University of Law and Economics, Cambodia.**

The Nagoya University Program for Academic Exchange (NUPACE) and JASSO scholarship allow students from developing countries like me to experience the wonders of an exchange program in Japan that otherwise would not be affordable.

Being able to study in Japan has always been on the top of my bucket list. Being awarded to go on a semester exchange at Nagoya was indeed my lifetime achievement. Study at Nagoya University has opened my eyes to many new things. The learning environment at Nagoya University offers a unique opportunity not only for academic pursuits but also for social interaction; the chance to encounter and

make priceless friendships with people from other parts of the world. It is enriching to exchange ideas, perspectives, and work with people from China, Germany, and Vietnam in group discussions. This is something that I never experienced back in my university. It may seem like a normal experience, but for me coming from a university with a small number of exchange students, it was such a valuable and rare opportunity.

One unforgettable experience from embarking on this journey was the human kindness and care of the locals and people from various countries whom I encountered. Before taking a flight to Japan, which I would call home for the next four months, I was prepared to experience homesickness. However, to my surprise, I would say that as much as I missed my family and friends at home, I never really got homesick because I had welcoming and supportive friends at my dormitory and at on-campus. My Japanese, Hong Kong, Taiwanese, and Vietnamese friends helped me settle down, and made me feel at home. They gave me notes, snacks to brighten my day. One day when I was feeling down, I found a snack with a sticky note on the floor in front of my room. It read, “Don’t push yourself too hard Remember to rest. You can do it! All the best.” Those words have a great emotional support for me until now. I still keep the note on my dashboard because it meant more than anything to me. My friends went the extra mile for me. They invited me to join their home-cooked meal party when I had no one to have dinner with. I was really touched by their actions “Love your exchange friends as yourself”.

This is the beauty of embarking on an exchange program journey at Nagoya.

## Student Column 2

**Kristin Novitasari,**

**majoring in English Education at the State University of Surabaya, Indonesia.**

I feel that my exchange year at Nagoya University was well spent. I feel so grateful because I could be one of the students chosen for the NUPACE program. The NUPACE program really works hard at accommodating exchange students: Providing a dormitory where we can live with other Japanese and international Students, a Japanese language program that enables us to learn Japanese, staff that are always ready to help when we need it, and the transfer of credit that saves us (so we don’t need to worry when we do an exchange).

NUPACE is also a program that led me to my friendships. The diversity of cultures that we have is something that makes this exchange so memorable. Although we represented our own culture, the respect and acceptance of all surprised me. I learnt so many things, not only about Japan, but about other international students’ cultures and language.

From NUPACE, I have experienced living in Japan which I never thought that I could. This made me fall in love with Japan (the environment, the people, the food). For sure, I will go back one day, especially to Nagoya.

There’s no regret joining this exchange program! All that I can say is thank you NUPACE!

# F inancial Information

## 1. University Fees

The payment of tuition fees shall be waived for those students designated as “exchange students”, who are enrolled at partner institutions with which Nagoya University has concluded tuition waiver agreements either at the university-wide or inter-departmental level. Refer to International Exchanges on pp. 28-35.

Where, upon the request of partner institutions and approval by Nagoya University, students participate in NUPACE as fee-paying students, they will be required to pay the following tuition fees to their school of affiliation at Nagoya University.

### a) Special Undergraduate/Graduate Students:

Tuition Fee                      ¥14,800 per credit, to be paid at the beginning of each semester.\*  
(Students are required to carry a minimum load of fifteen credits per academic semester.)

### b) Special Research Students:

Tuition Fee                      ¥29,700 per month, to be paid in a lump sum in the month of arrival.\*

\*Although accurate at the time of printing, fees are subject to change without notice.

## 2. Living Expenses

### a) Students residing in Nagoya University accommodation:

Rent/Utilities:                      ¥30,000 - ¥40,000 per month  
Food:                                      ¥30,000 per month  
Personal Expenses:                      ¥30,000 per month

The above is an estimation of the monthly expenditure of a reasonably thrifty international student at Nagoya University. Expenses will vary according to personal taste and lifestyle.

## Student Column 3

**Leonardo Scarton,**  
majoring in Business Administration at the University of Bologna, Italy.

That time spent in Japan long long time ago warmly resides in my mind. My past colleagues and I have recently reunited, and we all feel the same: homesick of a place we considered as our home for long. In some way we still do. Even if we were far away from our countries, being all there together, supporting each other was a charming way to experience Japan. When you visit Tokyo you might notice that Japan is a country where any scenario is possible, anything can happen: sometimes you will feel it as contradictory. Take it as it is.

We lived Nagoya University life at our best, I want to thank all the circles for receiving me and sharing their culture. As well as Ishikawa-sensei and all the staff for helping me in difficult times! The University has plenty of opportunities to give to you, be aware!

Please enjoy Higashiyama Park and Koshoji while is autumn, buy clothes at 2ND Street (it's very cheap!!), and, I know is tempting, but don't eat at konbini too much (yeah, I did it), it's full of delicious relatively cheap restaurants out there, discover them by yourselves!

Please brace yourselves for whenever Japanese people will tell you “Nihongo jouzu desu nee” and study the language hard: after some months it's incredibly rewarding!

If you have the occasion to travel, don't miss Koyasan and Kyoto during momiji season!

Live every day as it will be your last in Japan, enjoy the adventure!

# JASSO Student Exchange Support Program (Scholarship for Short-term Study in Japan)

The Ministry of Education, Japan (MEXT), in collaboration with the Japan Student Services Organisation (JASSO), offers scholarships under the “Student Exchange Support Program”. The scholarship programme is intended to encourage student exchange between universities in Japan and their overseas partner institutions, promote understanding and friendship between the countries participating, and strengthen the internationalisation and competitiveness of Japanese universities. High calibre applicants, meeting the eligibility criteria below, may be nominated by Nagoya University to receive a scholarship.

## **1. Eligibility**

The scholarship is open to students who at the time of application and admission to Nagoya University are enrolled in full-time courses of study at institutions of higher education outside of Japan, and who meet the following conditions:

- 1) Applicants must possess the nationality of a country having diplomatic relations with Japan, including Taiwan and the Palestinian Territories.
- 2) Applicants must be eligible to obtain a ‘student’ visa for the purpose of study in Japan. Dual/multi-nationals in possession of Japanese nationality are not eligible to apply for this scholarship.
- 3) Applicants must be enrolled at institutions having concluded a student exchange agreement with Nagoya University (refer to International Exchanges on pp. 28-35) and have their applications accepted by Nagoya University.
- 4) Applicants must possess excellent academic and personal records at their home institutions. A minimum grade point average of 3.1 on a scale of 4.0 (or the equivalent) for the academic year prior to admission is required.
- 5) Applicants must, for reasons of financial difficulty, be unable to finance their studies in Japan independently.
- 6) Applicants must, upon completion of the term of exchange, return to their home institutions to resume their studies or to be awarded with their degrees.

- 7) Applicants must not be recipients of scholarship awards from other organisations, where the combined value of these additional scholarships exceeds ¥80,000 per month. (NB. Students are permitted to receive grants or awards besides the JASSO “Student Exchange Support Program” scholarship, provided that the combined value of additional scholarships does not exceed ¥80,000 per month.)
- 8) Applicants are not permitted to simultaneously apply for a Japanese Government (*Monbukagakusho*) Scholarship for the same academic year.
- 9) Applicants must, upon completion of their term of scholarship, submit a study report to Nagoya University.

## **2. Scholarship Provisions**

A monthly stipend of ¥80,000 for between four and eleven months. School of Medicine students engaging in clinical practice may be permitted to receive the scholarship for a period of three months.

### ***3. Application Method***

No application is necessary. Nagoya University will nominate high calibre applicants to JASSO on the basis of 1) the standard of their applications (GPAs are particularly important), 2) the total number of scholarships allocated to Nagoya University by JASSO, and 3) regional and institutional balances.

### ***4. Notification of Results***

Students shall be officially notified by Nagoya University of the result of their application for a JASSO “Student Exchange Support Program” scholarship as follows:

- 1) Late August 2020, for students applying for mid-September 2020 entry.
- 2) Late April 2021, for students applying for early April 2021 entry.

## **Student Column 4**

**Ngo Gia Linh,**  
majoring in **Financial Analysis and Investment at the Foreign Trade University, Vietnam.**

NUPACE is one of the most dynamic journeys in my college life. Here I would share some outside-classroom memories that made NUPACE wonderful.

I am lucky to have made amazing friends around the world. We have shared great stories, spent lots of time together, and always supported each other during our stay in Nagoya University. I will never forget the time when my friends made me “pho”, a traditional Vietnamese food, to surprise me on my twentieth birthday. (And the food tasted incredibly authentic!) Furthermore, as youth always incites us to be out of the ordinary, we came up with many peculiar ideas such as camping on a rainy day in the middle of nowhere in Gifu, engulfing ourselves in the saltiness of the Hamamatsu sea at midnight, and singing in Motoyama karaoke like divas for hours. More importantly, even now, we are still close friends, staying in touch and keeping things updated.

Nagoya University offers many extracurricular activities and you can certainly find some for your own interests. Personally, I love participating in cultural-exchange events, Takoyaki Party, Hanabi Festival, Tanabata Festival, and Summer Party, to name a few.

There, I could explore not only Japanese traditions but also French, German, American, Mexican,... cultures, and share some Vietnamese fun facts. Moreover, if you are a basketball amateur like me, you can definitely create a circle and practice with other friends or even compete with the university basketball team!

# Student Life

## 1. Housing

Nagoya University operates two mixed Japanese/international student dormitories, and a number of dormitories used exclusively by international students. All NUPACE students are generally accommodated in *International Residence – Higashiyama* (on-campus), *International Ohmeikan* (a ten-minute walk from Higashiyama campus), and *International Residence – Daiko* (a twenty-minute subway ride). In *International Ohmeikan* and *International Residence – Daiko*, each individual study/bedroom is fully furnished and installed with a unit bathroom, with kitchens being shared. *International Residence – Higashiyama* provides fully furnished study/bedrooms, which include a kitchenette and unit bathroom.

➔ <http://nupace.iee.nagoya-u.ac.jp/en/life/accommo.html>

## 2. Health Care

All NUPACE students are required to join the Japan National Health Insurance (JNHI) programme. For a monthly fee of approximately ¥1,700, JNHI policyholders are entitled to a 70% discount on most medical and dental fees incurred. NUPACE appreciates that many incoming students are covered by private/home university insurance schemes. However, in consideration of the fact that, 1) medical expenses in Japan are relatively high, 2) Japanese medical facilities do not accept foreign insurance policies in lieu of payment and, 3) students will, therefore, have to wait a minimum of two months to be reimbursed by their home insurance policies, NUPACE requires Japan National Health Insurance subscription from all students.

International Ohmeikan

➔ <http://www.city.nagoya.jp/en/page/0000013894.html>

Nagoya University houses a Health Administration Office at which emergency treatment for illness and injury is performed free of charge. The Office additionally serves to refer students to hospitals, where deemed necessary.

## 3. Life, Accident and Personal Liability Insurance Schemes

The Nagoya University Co-operative offers life insurance and personal liability insurance options at extremely competitive rates. All NUPACE students are required to take out personal liability insurance during their exchange at Nagoya University at the reasonable cost of ¥1,500 per year.

## 4. Counselling

All schools at Nagoya University house international student advising or exchange facilities at which international students may consult on matters concerning their studies and daily life in Japan. In addition, the Department of Advising and Counselling Services of the International Education and Exchange Centre possesses expertise in supporting international students with regard to mental health and disability issues. Complementary to services provided by these professionals, the faculty and staff of NUPACE endeavour to render the stay of overseas students a more comfortable and fulfilling one by offering additional advising and resource services in areas including administrative procedures, academic issues, scholarships, accommodation, immigration and residence procedures, daily life, and general health.

## 5. Computer Access

All Nagoya University students, including NUPACE students, have access to computers running on the Microsoft Windows operating system, located on campus. The university computer labs do not offer a twenty-four hour service, however, and students in possession of their own laptops are strongly recommended to bring these to Japan.

Internet services are provided free-of-charge in university accommodation. Depending on the dormitory in question, access is available either in individual rooms or in wireless zones.

## 6. Tutors (Buddy System)

All NUPACE students are eligible to receive the services of a tutor, a fellow student majoring in a similar field of study. Tutoring assistance is available for fifteen to twenty-five hours per semester, and tutors' responsibilities may include, 1) assistance with university paperwork and official procedures after arrival, 2) advice on the use of university facilities related to academic studies, 3) assistance and guidance with regard to lectures, research, experiments, course preparation, and reports, 4) Japanese language and conversation support, and 5) the introduction of Japanese culture and customs.

## 7. Extracurricular Activities

Nagoya University has a wide range of cultural and sports clubs, officially boasting fifty-three of the former and forty-three of the latter, with a total membership of 3,500 students. These provide international and Japanese students with an excellent opportunity to mix, and thus participate in a cross-cultural learning experience.

## 8. Cross-cultural Exchange Groups

There is a host of volunteer groups involved with international students both amongst the campus community and outside. These depend

for their existence on the co-operation of each and every international student, and greatly contribute to enriching student and community life. Information on these groups will be made available at the general orientation for NUPACE students.

## 9. Exchange Activities outside Nagoya

During the spring, summer and winter vacations, various associations host home-visits or camping activities. If taken advantage of properly, these present an excellent opportunity to deepen one's knowledge of Japan at comparatively little cost. Home-visit possibilities include places as far afield as Hokkaido and Kyushu.

## 10. Part-time Work

International students intending to engage in remunerative activities in Japan should declare that they wish to work part-time at the port of entry and receive a stamp of permission on their *Residence Card* at this time (application

forms are available at major airports and also downloadable from the Ministry of Justice at <http://www.moj.go.jp/ONLINE/IMMIGRATION/16-8.html> <Japanese page>). Where permission is granted, students may work for a maximum of twenty-eight hours per week during the semester, and up to eight hours per day during long vacations.

## 11. Climate & Clothes

The climate in Nagoya is distinguished by its humidity in summer and marked seasonal changes. In general, autumn is dry, cool, and pleasant. Winter (December to February) can prove cold with minimum temperatures of -5°C (23°F), highs of 9°C (48°F), piercing winds and the occasional snowfall. Spring (March to May) is the time of cherry blossoms and new beginnings, including the Japanese academic and fiscal years. Summer, heralded by the 'rainy season' in June, is extremely hot and muggy with temperatures peaking at around 38°C (100°F) in August. Temperatures start to

drop in mid-September and around this time the Japanese archipelago experiences the 'typhoon season'.

Students should bear these seasonal changes in mind when choosing what clothes to bring to Japan. They are also advised that it may prove challenging to find larger than average clothes and shoe sizes.

Winter at Nagoya University (Courtesy of Lennart Klar)

## Student Column 5

**Wang Peixuan,**  
majoring in Public Administration at Northeastern University, P. R. China.

At the beginning of the semester, when I arrived in Japan, mountains of formalities for accommodation and academic preparations pushed me to train my communicative skills of Japanese, English, and what's more, the complicated procedure of waste classification. During this process, I learned the spirit of rigour and seriousness from the Japanese.

After the official opening ceremony, we finally stepped onto the track of learning. Overall, compared with the classes of my home university, the learning mode focused more on discussion, and giving presentations to all of your classmates. At the same time, IIEC organized various activities for international students to get together regularly, and also integrated the culture of local festivals to help us get more out of this experience. For example, in early July, we participated in a site-visit to Meiji-mura, visiting the remaining buildings of the Meiji era and the mechanized factories at that time.

There are so many stories attached to this journey that I cannot write in several pages. In short, I will never forget everything experienced in that spring. Not only the more international perspective that I acquired, but also lots of friends from all over the world. Everything I got makes me feel that I am really walking towards the world.

# NUPACE Faculty and Staff

## NUPACE Office

### **Claudia Ishikawa**

Associate professor and co-ordinator of NUPACE. I principally involve myself in academic affairs, international liaison, and PR, dealing with issues related to admission policy, academic advising, exchange agreements, risk control, and publicity. I am also responsible for teaching 'Immigration in Japan – Law, Policy, and Society'. My research interests lie in comparative immigration law and the legal status of aliens. Actually, by having experienced life as a student and foreigner in Japan, I share at least two traits with all NUPACE participants. Needless to say, I hope to be able to use my own experiences to help you navigate an academic and social life that can prove challenging, but most of all, rewarding.

### **Keiko Kusumoto**

After joining NUPACE in July 2015, I have been involved in admissions, student affairs, as well as student advising. After working for a Japanese company, where I dealt with overseas customers, sometimes visiting them in their premises, I spent three years abroad, working as a Japanese Language Teacher in China. This gave me the experience of living in a foreign country and, also, interacting with people from different backgrounds. I am sure the knowledge gained in those two jobs will prove valuable assets for my position here at Nagoya University.

My areas of interest are Japanese language education and intercultural communication, more specifically, the development of intercultural competence in higher education. Your experiences in Japan are going to be treasures that will impact your life. I will make my best effort to be of help during your search for such treasures.

### **Chiaki Kawanaka**

Administrative staff member, dealing mainly with admissions and international student enquiries. What is the purpose of studying abroad? If you browse the Internet, everything and everywhere can be found, and you can get in touch with the entire world in a second. But, there is more to it than that. Why don't you come and feel NUPACE, Nagoya, and Japan! This one semester/one year experience may impact your way of thinking.

### **Rie Ashiya**

Administrative staff member, organising various orientations and providing general support for NUPACE students. I enjoy helping international students make the most their campus life and extracurricular activities, as I also had wholehearted support when I had an opportunity to study abroad. We have received valuable feedback from alumni, many of whom were able to share their interests with students from all over the world, and build life-long friendships during their stay at Nagoya University. I hope you, too, come to be a part of NUPACE!

## Student Exchange Division

### Yumiko Oya

Administrative staff member of the Student Exchange Division, working closely with NUPACE. Our section facilitates student exchange, both inbound and outbound. The main duties of the section are managing scholarships, co-ordinating accommodation, and registering courses.

Nagoya University is currently making every endeavour to increase the number of student exchanges both in- and outbound, and further promote internationalisation on campus. We are proud that NUPACE has been contributing to Nagoya University's internationalisation over the last 20 years, and will be glad to assist your campus life from the administrative side. I hope you will make the most of the opportunities here at Nagoya.

### Shizue Okajima

Administrative staff member of the Student Exchange Division. I deal mainly with the NUPACE Online Course Manager (OCM). I have lived in Nagoya since I was born, and can vouch that Nagoya is a very comfortable place to live in and, of course, study! If you join NUPACE then, in addition to the common Japanese culture, you will be able to experience the unique Nagoya culture and language. Why don't you come to Nagoya and join the NUPACE programme?!!

### Nagisa Omori

Administrative staff member of the Student Exchange Division, dealing mainly with student admission. Since you have opened this prospectus, I assume that you are at a turning point in your life. Why don't you jump into a new life abroad? The experience of studying abroad offers irreplaceable benefits. As a NUPACE staff member, I'd like to support your campus life at Nagoya University, and also hope that you enjoy your life in this attractive city, Nagoya!

# NAGOYA and AICHI – Hot & Cool

## Economic Power House and Mono-zukuri Heartland

Aichi Prefecture, of which Nagoya is the prefectural capital, is home to some of the world's leading next-generation automotive, aerospace, and environment and energy industries. With its preeminent manufacturing base, Aichi ranks second, after Tokyo, in having the highest average income per capita amongst Japan's forty-seven prefectures and, according to JETRO, its gross production surpasses that of Denmark.

On the other hand, the comparatively low price of commodities makes Nagoya an appealing city to live in, and this may account for the prefecture's continuing population growth.

A vibrant economy, colourful history, comfortable living environment, and sophisticated transportation network attract people to this region of Japan, both nation- and world-wide.

Nagoya Station Area

Toyota Motor Corporation, a world-leader of the automotive industry, is based in Aichi Prefecture.

## A Subculture Mecca

### Historical Superheroes Today

*Nagoya Omotenashi Bushotai*, one of the city's live attractions, comprises a group of six historical warlords, including Oda Nobunaga, Toyotomi Hideyoshi, and Tokugawa Ieyasu, who all hail from this region. You can witness their heroics at samurai performances around Nagoya Castle.

©2009 Nagoya Omotenashi Busho-Tai Secretariat

In the Osu area of Nagoya, there are a number of shops and restaurants that cater to *otaku* culture. Osu has an open ambience for cultural diversity regardless of age, gender, or nationality. Come and enjoy the annually held *World Cosplay Summit*, where you can encounter approximately 15,000 participants walking in parade.

## Culinary Delights of Nagoya

### Hitsumabushi

Aichi Prefecture is one of Japan's top eel farming regions, and its famed eel delicacy, *hitsumabushi* has its origins at the end of Meiji Era. Chopped grilled eel is served with sweet soy sauce on top of cooked rice. Relish the different

tastes of *hitsumabushi* with condiments such as wasabi, seaweed, *mitsuba* (Japanese parsley), *dashi* soup, etc.

### Miso Oden

*Miso* is a traditional Japanese paste produced by fermenting rice and soybeans. *Oden* is a Japanese-style hot pot dish, which contains a variety of ingredients, such as daikon radish, boiled eggs, deep fried tofu, etc. Try tasting the combination.

### Sake

In Aichi Prefecture, there are forty-two historical sake breweries, which produce excellent Sake. You can visit sake cellars for a tasting session.

# Appendix 1 – Exchange Partner Institutions

Applicants to NUPACE must be enrolled in universities having concluded academic exchange agreements with Nagoya University at either the inter-university or inter-school level. Students enrolled in departments having concluded an inter-school/faculty agreement will be affiliated to the respective partner school at Nagoya University.

As of December 2019, Nagoya University has concluded a total of 462 agreements, including student exchange memoranda (tuition waiver agreements) with 244 universities, departments and research institutes, as denoted by asterisks (\*) below.

Region	Country	Institute	Inter-university (U)/Inter-school
<i>Africa</i>	<i>Egypt</i>	Assiut University, Faculty of Science	* Science
		Cairo University	U
		Tanta University, Faculty of Engineering	* Engineering

# Appendix 2 – NUPACE Data

## A. Annual Breakdown of NUPACE Student Numbers

Feb 1996 – Mar 2020 (Total 2,382 Students)

## B. Students by Region of Home Institution

Feb 1996 – Mar 2020 (Total 2,382 Students)

## C. NUPACE Students by Region of Home Institution

Apr 2019 – Mar 2020 (Total 218 Students)

## D. NUPACE Students by Country of Home Institution

Apr 2019 – Mar 2020 (Total 218 Students)

## Higashiyama Campus

### Open Facilities

- |   |  |
|---|--|
| <b>C4 6</b> Information                           | <b>D4 2</b> Information Plaza  |
| <b>D4 1</b> NU Museum (Furukawa Hall)             | <b>B5 2</b> NU Museum Botanical Garden                               |
| <b>B3 2</b> NU Library (Central Library)          | <b>C2 4</b> 2008 Nobel Prize Exhibition Hall (E and S Building)      |
| <b>B2 6</b> Akasaki Institute                     | <b>D2 10</b> Chemistry Gallery (Noyori Materials Science Laboratory) |
| <b>C2 5</b> Disaster Mitigation Research Building | <b>C4 6</b> Gender Research Library                                  |

### Convention Facilities

- |  |  |
|--|--|
| <b>D3 6</b> Toyoda Auditorium / Sympoium   | <b>E3 1</b> Noyori Conference Hall   |
| <b>B4 4</b> Conference Hall (Integrated Research Bldg. for Humanities and Social Sciences) | <b>C4 3</b> Conference Hall (Law and Economics Shared Facilities Building) |
| <b>D2 7</b> Sakata and Hirata Hall (Science South Building)                                | <b>C2 4</b> E and S Hall (E and S Building)                                |
| <b>C3 1</b> Lecture Hall (IB Building)   | <b>C5 3</b> Asian Community Forum (Asian Legal Exchange Plaza)             |

### University Headquarters : Administrative Services

- |  |  |
|--|--|
| <b>D3 7</b> University Headquarters Building 1           | <b>D4 4</b> University Headquarters Building 2 |
| <b>E4 1</b> University Headquarters Building 3           | <b>D4 6</b> University Headquarters Building 4 |
| <b>C4 1</b> Graduate School of International Development | <b>D3 6</b> Staff Hall                         |
| <b>C2 6</b> National Innovation Complex (NIC)            |  |

### Schools / Graduate Schools : Administrative Services

- |  |   |
|--|---|
| <b>B4 4</b> Administrative Office, Humanities and Social Sciences    | <b>B4 1</b> Administrative Office, Informatics  |
| <b>D2 11</b> Administrative Office, Science / Mathematics            | <b>C2 4</b> Administrative Office (General Affairs and Accounting), Engineering                   |
| <b>C3 1</b> Administrative Office (Educational Affairs), Engineering | <b>E2 1</b> Admin. Office, Agricultural Sciences / Biocultural Sciences                           |
| <b>D2 2</b> Admin. Office, Environmental Studies Research Ctr.       | <b>F3 7</b> Admin. Office, Pharmaceutical Sciences / Cellular and Structural Physiology Institute |
| <b>F3 3</b> Administrative Office, Research Institutes               | <b>B3 2</b> Administrative Office, NU Library   |

### School of Humanities / Graduate School of Humanities / Graduate School of Letters / Graduate School of Languages and Cultures

- |   |  |
|---|--|
| <b>B4 3</b> School of Humanities / Graduate School of Humanities Building | <b>A4 2</b> Graduate School of Languages and Cultures Building           |
| <b>B4 1</b> Liberal Arts and Sciences Main Building                       | <b>B4 4</b> Integrated Research Bldg. for Humanities and Social Sciences |
| <b>C4 1</b> Graduate School of International Development Building         |  |

### School of Education / Graduate School of Education and Human Development

- |  |  |
|--|--|
| <b>B4 5</b> School of Education / Graduate School of Education and Human Development Bldg. | <b>A2 1</b> Affiliated Upper and Lower Secondary Schools |
|--|--|

### School of Law / Graduate School of Law

- |  |  |
|--|--|
| <b>C4 4</b> School of Law / Graduate School of Law (Law and Economics Shared Facilities Bldg.) | <b>B5 6</b> Law School                 |
|  | <b>C5 3</b> Asian Legal Exchange Plaza |

### School of Economics / Graduate School of Economics

- |  |
|--|
| <b>C4 2</b> School of Economics / Graduate School of Economics (Law and Economics Shared Facilities Bldg.) |
|--|

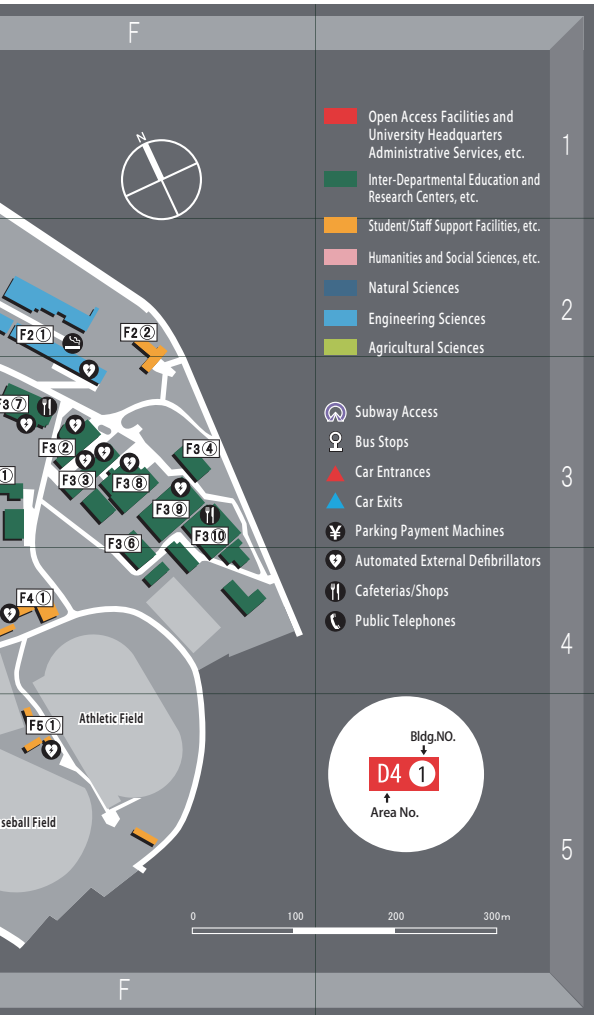

### School of Informatics / Graduate School of Informatics / School of Informatics and Sciences / Graduate School of Information Science

- |   |  |
|---|--|
| <b>A4 3</b> Graduate School of Informatics Building | <b>B4 1</b> Liberal Arts and Sciences Main Building                    |
| <b>C3 1</b> IB Building (Integrated Building)       | <b>D3 3</b> School of Science / Graduate School of Science, Building B |
| <b>C2 6</b> National Innovation Complex (NIC)       |  |

### School of Science / Graduate School of Science

- |   |   |
|---|---|
| <b>D3 2</b> Building A                        | <b>D3 3</b> Building B                              |
| <b>D2 11</b> Building C                       | <b>D2 9</b> Building D                              |
| <b>D2 6</b> Building E                        | <b>D2 4</b> Building F                              |
| <b>D2 3</b> Building G                        | <b>C3 4</b> Shared Facilities Building              |
| <b>D2 6</b> Science and Agricultural Building | <b>D2 7</b> Science South Building                  |
| <b>D2 8</b> Science Hall                      | <b>D3 1</b> Facilities for Low Temperature Research |

## Institute of Liberal Arts and Sciences

- B4 1 Liberal Arts and Sciences Main Building
- A4 1 Liberal Arts and Sciences Building A

## Asian Satellite Campuses Institute

- E4 1 University Headquarters Building 3

## Institute for Advanced Research

- F3 2 Institute for Advanced Research Hall

## Institute of Transformative Bio-Molecules

- D2 1 ITbM

## Research Center of Health, Physical Fitness and Sports

- E5 1 Research Center of Health, Physical Fitness and Sports
- C3 3 Health Administration Office

## Institute of Innovation for Future Society

- C2 6 National Innovation Complex (NIC)
- F8 4 Materials Research Laboratory for Green Vehicle

## Applied Social System Institute of Asia

- C4 3 Law and Economics Shared Facilities Bldg.

## Kobayashi-Maskawa Institute for the Origin of Particles and the Universe (KMI)

- C2 4 Engineering and Science Building

## Research Institutes / Inter-University Service Facilities

- E3 2 Research Institute of Environmental Medicine
- F3 3 Institute for Space-Earth Environmental Research (Research Institutes Building I)
- F3 6 Institute for Space-Earth Environmental Research (Research Institutes Building II)
- F3 8 Institute of Materials and Systems for Sustainability (Research Institutes Building II)
- D1 1 High Voltage Electron Microscope Laboratory
- C3 2 Information Technology Center
- F3 3 Institute for Space-Earth Environmental Research (Research Institutes Building I)
- D4 1 Institute for Space-Earth Environmental Research (Furukawa Hall)
- C1 1 Research Facility for Advanced Science and Technology
- F3 6 Research Laboratory Building
- F3 9 Center for Integrated Research of Future Electronics, Transformative Electronics Facilities (C-TEFs)
- F3 10 Center for Integrated Research of Future Electronics, Transformative Electronics Commons (C-TECs)

## Inter-Departmental Education and Research Centers Other Facilities

- D1 2 NU Archives (University Headquarters Annex)
- B4 4 Center for the Studies of Higher Education
- D2 4 Center for Gene Research
- C2 2 Center for Student Counseling
- C3 1 IEEC Advising and Counseling Services (IB Building)
- E1 1 International Center for Research and Education in Agriculture
- B2 6 Akasaki Research Center
- C2 6 Disaster Mitigation Research Center
- C2 6 Academic Research and Industry-Academia-Government Collaboration (NIC)
- C6 1 International Education and Exchange Center
- C5 6 Center for Asian Legal Exchange
- E2 2 Bioscience and Biotechnology Center
- E3 4 National Composites Center in Japan
- D1 2 Center for Gender Equality
- B4 5 Psychological Support and Research Center for Human Development
- C1 4 Synchrotron Radiation Research Center
- C2 2 Information Media Center Laboratory
- F2 1 Cellular and Structural Physiology Institute
- B2 1 Research Facility for Advanced Energy Conversion
- C1 6 Technical Center of Nagoya University Equipment Sharing Promotion Office
- C2 6 Disaster Management Office
- C2 6 Innovative Research Center for Preventive Medical Engineering
- C5 1 International Language Center
- D2 10 Research Center for Materials Science
- E2 3 Radioisotope Research Center

## Industry-Academia-Government Cooperation Facilities

- B2 2 Incubation Facility
- F3 4 Materials Research Laboratory for Green Vehicle
- B2 4 Venture Business Laboratory
- C2 6 National Innovation Complex(NIC)

## Sports Facilities

- B5 1 Gymnasium / Indoor Swimming Pool
- F4 1 Training Camp Facility
- E5 2 New Gymnasium
- F6 1 Student Activities Complex Administration Building

## Cafeterias / Shops

- B3 2 Starbucks Coffee
- B4 1 Pranzo
- C2 2 Cafeteria Nanamitei
- C2 4 Restaurant Chez Jiroud
- F3 7 Labo Shop
- B4 2 C3 1 Family Mart
- B5 4 NU CO-OP South - Cafeterias and Shops
- D1 3 Forest Dining Hall
- C4 6 CAFE BLANC
- D3 6 Restaurant Universal Club
- D2 6 Craig's Cafe Seattle Espresso
- C3 1 IB Cafe
- C2 6 Seattle Espresso Cafe (NIC)
- B2 8 NU CO-OP North - Cafeterias and Shops
- B5 3 South Cafeterias
- B5 5 Amenity House
- D1 4 Green Salon Higashiyama
- F3 10 Cafe de MON CIRFE (C-TECs)

## Other

- C3 3 Health Administration Office
- C6 2 NU Yakumo Hall
- E4 2 International Residence Higashiyama
- B1 1 Student Hall
- D8 6 Staff Hall
- F2 2 Researchers Village Higashiyama

## School of Engineering / Graduate School of Engineering

- C2 4 Engineering and Science Building
- B2 6 Building 1
- B3 1 Building 3
- F2 1 Building 6
- C2 2 Building 7, B Wing
- C1 4 Building 8, South Wing
- B2 2 Aerospace and Mechanical Engineering Building
- C3 1 Creation Plaza (IB Building)
- C3 1 IB Building (Integrated Building)
- B3 3 Building 2
- C2 3 Building 5
- C2 1 Building 7, A Wing
- C1 3 Building 8, North Wing
- C1 2 Building 9
- B2 7 Mechanical Engineering Building
- C2 7 Okuma Machine Tool Engineering Building

## School of Agricultural Sciences / Graduate School of Bioagricultural Sciences

- E1 1 Building A
- E2 4 Lecture Building
- D2 6 Science and Agricultural Building
- E2 6 Building B
- E2 1 Administration Building

## Graduate School of International Development

- C4 1 Graduate School of International Development Building

## Graduate School of Mathematics

- D3 4 Graduate School of Mathematics Building

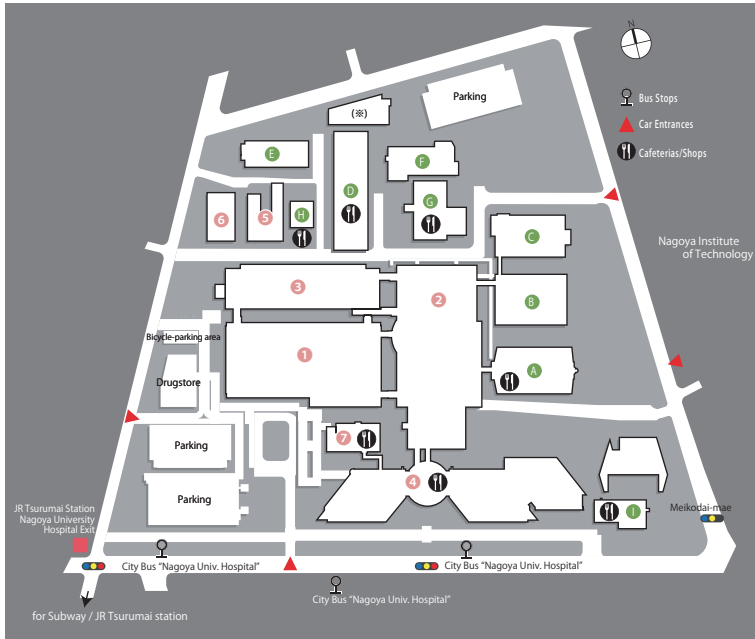

## Graduate School of Environmental Studies

- D2 2 Environmental Studies Hall
- C2 4 E and S Building
- F3 1 Common Building, Graduate School of Environmental Studies
- B4 1 Liberal Arts and Sciences Main Building
- D2 6 School of Science / Graduate School of Science, Building E

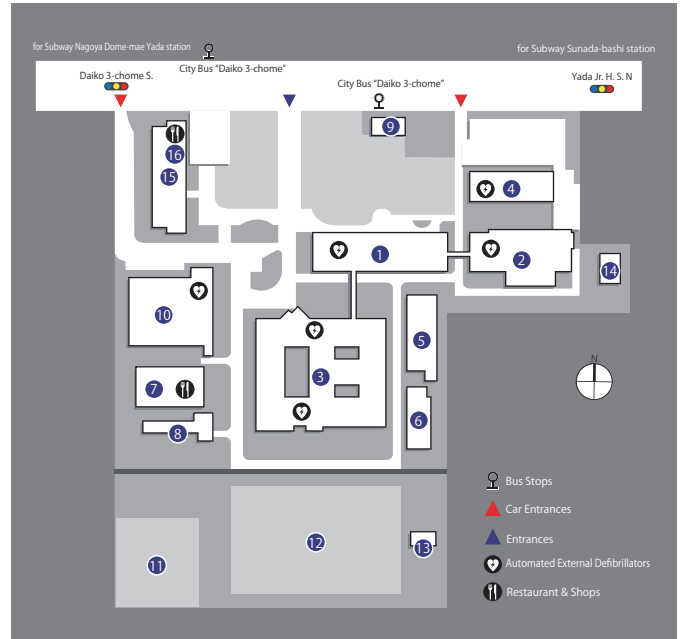

## Graduate School of Pharmaceutical Sciences

- F3 7 Pharmaceutical Sciences Building
- F2 1 School of Engineering / Graduate School of Engineering, Building 6

## Tsurumai Campus

## Daiko Campus

### Graduate School of Medicine / School of Medicine

- A Medical Science Research Building 1
- B Medical Science Research Building 2
- C Medical Science Research Building 3
- D Basic Medical Research Building
- E Basic Medical Research Building Annex
- F Center for Research of Laboratory Animals and Medical Research Engineering (Division for Research of Laboratory Animals)
- G Medical Library / Co-op Cafeteria
- H Welfare Facility
- I Kakuyu Kaikan (Alumni Hall)

### University Hospital

- 1 Outpatient Building
- 2 Central Consultation Building A
- 3 Central Consultation Building B
- 4 Ward Building
- 5 Residence for Nurses A
- 6 Residence for Nurses B
- 7 Oasis Cube (Welfare facility)
- ※ RMH Nagoya

- 1 School of Health Sciences (Main Building)
- 2 School of Health Sciences (East Building)
- 3 School of Health Sciences (South Building)
- 4 Annex to School of Health Sciences
- 5 Energy Center
- 6 Research Building
- 7 Student Hall
- 8 Researchers Village Daiko
- 9 Work Support Office / Garage
- 10 Gymnasium
- 11 Tennis Courts
- 12 Ground
- 13 Kyudo (Japanese Archery) Hall
- 14 Daiko Glass Greenhouse
- 15 International Residence - Daiko
- 16 Lawson

### Restaurant & Shop ( 7 Student Hall )

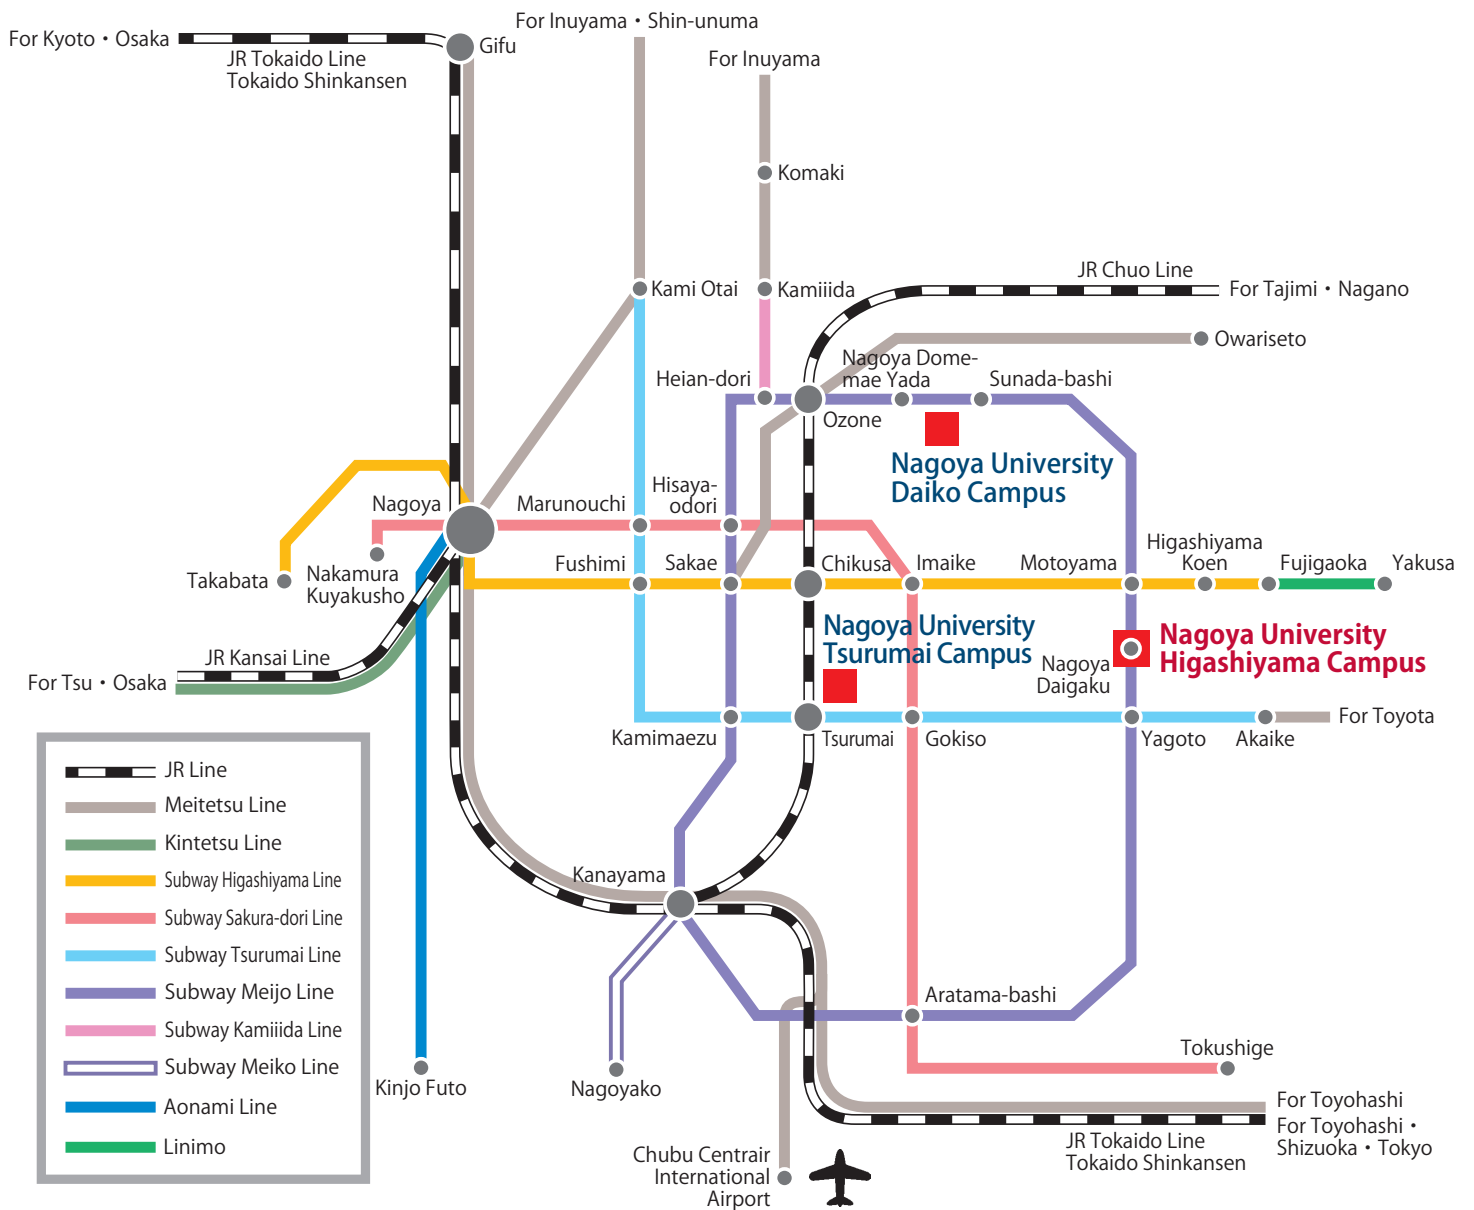

Restaurant (052-711-4256) Weekdays 11:30-13:30 / Sat. ---  
 Shop (052-711-4277) Weekdays 10:00-17:30 / Sat. ---

## Location

# Access to Nagoya University

- To Higashiyama Campus From Nagoya Railway Station: 20 minutes by subway. Take the Higashiyama Line to Motoyama Station, then transfer to the Meijo Line, alighting at Nagoya Daigaku Station.
- To Tsurumai Campus From Chubu Centrair International Airport to Nagoya University: At Centrair take the Meitetsu Line to Kanayama Station. From Kanayama Station take the Subway Meijo Line (counter-clockwise), alighting at Nagoya Daigaku Station. (21minutes by subway)
- To Daiko Campus Take the JR Chuo Line or the Subway Tsurumai Line to Tsurumai Station, and walk 5 minutes.
- To Nagoya Railway Station From Tokyo Railway Station: 1 hour 40 minutes by Shinkansen (bullet train).  
From Osaka Railway Station: 1 hour by Shinkansen (bullet train).

Cover: The City of Nagoya (名古屋)

Nagoya, located in the heart of Japan, has played a central role in the formation of this nation's modern history, and Nagoya Castle, originally built by Tokugawa Iyeyasu, serves as the city's landmark.

In contemporary Japan, this vibrant metropolis occupies an important political and economic position. Nagoya constitutes the nerve centre of the Chubu Industrial Zone, an amalgamation of both traditional and modern enterprises, notable amongst which are the automobile, aviation, and ceramics industries. Moreover, the city, with a population of 2.3 million, offers all the conveniences of any large urban centre, and is an exciting place to live, work, and study.
